Workshop on AI & Data Annotation

A three-day workshop on AI and Data Annotation was organized by the Department of Physics, J. N. College, Aryabhatta Science Centre, Boko block & IIC, J. N. College, Boko, in collaboration with Intel Digital Readiness Program and Digifoxlabs Pvt. Ltd, Guwahati on 4th,6th and 7th April, 2026. To stay aligned with the growing demand of AI expertise and data-driven skills in today's evolving career landscape, this workshop was aimed to strengthen students' digital competence while fostering creativity, analytical thinking, collaboration, and effective problem-solving abilities. The 1st day (4-4-2026) of the workshop was an introductory session for the students where they have learned about basic applications of AI and how to differentiate AI from other digital intelligence. Basic AI applications such as draw.ai and Teachable Machine were introduced to the students and their participation was encouraged. On the 2nd and the 3rd day, the students were introduced to the importance and usage of data annotation in AI applications. Two day-long hands-on sessions on primary applications such as Make Sense AI, Power BI and CVAT were organized to give a practical idea to the students that how day-to-day data handling can be made easy with the use of AI. More than 80 students of different departments have participated in the program.
