## Curricular Planning and Implementation

Jawaharlal Nehru College affiliated to Gauhati University prepares its Academic Calendar under guidance of the Academic committee. The college follows the university syllabus across 14 (fourteen) departments in UG programme and in Mathematics and Assamese department under PG programme. The functional Add-On course further enriches the curriculum with scope for skill development too. The Academic calendar, a prototype of Gauhati University with conducive modification is designed to suit the workload across UG and PG level with additional responsibility of Higher Secondary classes. The Academic Calendar meticulously designed by IQAC reflects academic as well as co-curricular, extra-curricular activities for students providing a preview of activities for students. The Principal and IQAC, college staff and constituted committees are convened on different occasions for review and assessment of activities like teaching, internal and university examination schedule, add-on activities for a streamlined and continuous teaching-learning process and administrative functions. For wide reach of students, the academic calendar is uploaded on the college website and published in the college prospectus with particular stress on it during admission and commencement of the session during introductory class. Based on the Academic calendar and routine, the respective Head of the Department distribute workload to faculty members prior to class commencement. The curriculum planning and execution is ensured through streamlined activity of record maintenance of class, leave, syllabus distribution, course progression, examination schedule, tutorial class along with mentor-mentee records by the Head of the department in their HOD's diary. As part of the curriculum planning, teachers prepare teaching plan in accordance with academic calendar focusing on tutorial and remedial class for meeting demands of different levels of learners. There is a system of documenting classes taken, details of extra classes or extra-curricular activities in the Log book followed by periodic meetings discussing the progress and gaps to ensure planning and curriculum enrichment by organizing events to cater needs for fulfilling curriculum delivery. The college apart from practicing traditional pedagogy, utilizes available ICT tools for optimal curriculum delivery. The use of ICT during last two years with WhatsApp platform to Google Classroom, online seminars are also in practice. The Gauhati University run examination system also ensures curriculum delivery. The IQAC in consultation with departments introduced the pre-session examination conducted in different ways and held prior to sessional examination. With publication of examination marks, review is conducted and slow and advance learners are identified. The college through IQAC reviews parameters of academic growth ensuring remedial classes and a robust mentor-mentee system. For holistic education, college executes curriculum delivery based on experiential learning offering exposure for skill development and continuous learning. The Central Library, an important curriculum supports through its rich repository of resources. For the Internal Assessment and its successful curriculum execution, academic calendar is designed with flexibility to accommodate changes after review and discussion for effective curriculum delivery. To create general awareness and develop students as sentient human, curriculum delivery is further enriched by holding significant commemorative days of national and international importance.

- Student Subject Correction Application

48

To,

The Principal of Jawaharbal Nehru College, Boko

Date: 27/05/2022

Sub: Request to correct Subject.

Respected Sir,

with due requested that I beg to state that.

I am student of B.A. 4th Sem. My subject was Assamese Communication. In my B.A. 1st Sem marksheet the Subject of Assamese Communication was wrongly entered in the marksheet, Manipuri come as my Subject is Assamese communication.

So, I request you kindly to correct the the same. Its my humble request to you.

Thank you

Yours obedient NRI  
 Sanjib Kumar Bhattacharya

Name - Sanjib Kumar Bhattacharya
