

Webinar on
“Why DNA is Helical in Nature”

Meeting Code/ID : meet.google.com

Password : hxx-pmmx-xps

Platform : Google Meet

Date : 30/07/20

Time : 11.00 AM to 12.30 PM

Class : 2nd (H), 4th & 6th (H) Semester students

Total Students : 64

Resource Person : Prof (Dr.) Suvendra Kr. Ray
Dept. of Molecular Biology & Biotechnology
Tezpur University, Tezpur, Assam
Ph No. – 9954472151

DNA is the master molecule which control the life processes. In this lecture, Dr. Ray briefed about the helical nature of DNA, Its chemical composition and important properties of DNA. Faculty members of various disciplines and about 64 students were participated in the said webinar.
