

Visit to Biotech Park, Indian Institute of Technology Campus, Guwahati

Date: 11.10.2018

On 11th October, 2018 a group of 15 students of Zoology along with the students of Botany Departments visited the Biotech Park, Govt. of Assam at Indian Institute of Technology Campus, Guwahati with teacher incharge Dr. Tapan Kumar Deka and Miss Abantika Bhagobati of Zoology Department and Dr. Tapan Dutta & Dr. Habibur Rahman of Department of Botany. The Guwahati Biotech Park is a visionary initiative of Govt. of Assam and Govt. of India to promote entrepreneurship which provides a platform for Science & business communities of NE India. In this Biotech Park all sophisticated instruments are available for conducting various research works. The students visited the labs where the Scientist and the Technicians demonstrated about the equipments.
