

FIELD VISIT TO POBITORA WILDLIFE SANCTUARY

Date: 22. 10. 2019

A group of 42 students from Department of Zoology visited the Pobitora Wildlife Sanctuary along with the Teacher incharge Mrs. Nanda Devi, Dr. Susanta Kumar Bhuyan, Dr. Rekha Chetry and Miss Abantika Bhagabaty on 22nd October, 2019. The Pobitora wildlife sanctuary is one of the famous habitats for one horn Rhinoceros. During this visit they practically observed the Rhinoceros in their natural habitat. The main aim behind this visit is to introduce the students with the wildlife. This visit gives an opportunity to the students to study about the Grassland ecosystem. Also the students observed different migratory birds in the wetlands of the sanctuary.
