

Field Visit to Regional Sericulture Research Station, Boko:

A Field trip to Regional Sericulture Research Station, Boko was organized by the Department of Zoology for B.Sc. 1st semester students having Non Mulberry Sericulture as their SEC (Skill Enhancement Course) paper on 12th November, 2025. Dr. Susanta Kumar Bhuyan, Associate Professor & Head, Department of Zoology) accompanied the students as teacher in-charge. Mr. Laben Hajong, Laboratory bearer was also in the team. In total 32 students took part in the field visit programme. Dr. S. A. S. Rahman, Scientist-D and in-charge of Regional Sericulture Research Station, Boko delivered a lecture on Rearing and management of Silk worm and later interacted with the students. Students also had the opportunity to interact with Mr. Haliram Rabha, a renowned Muga farmer of Boko on that day. Students during their visit learnt about the diverse aspects of Muga culture. Mr. Nabajyoti Sharma, Senior Field Assistant of RSRS, Boko introduced the students with different Primary and Secondary food plants of Muga and Eri Silk Worm in the campus. They also observed the plantation of Som (*Persaea bombycina*) and Soalu (*Litsaea monopetala*), the two primary host plant of Muga silkworm.. The field visit was undertaken as our department had a MoU with RSRS (Boko) of Central Silk Board under the Ministry of Textile in the year 2023(6th March).

Dr. S.A.S. Rahman & Dr. Susanta Kumar Bhuyan along with the Students in the Conference hall.

Mr. Haliram Rabha, Dr. S.A.S. Rahman & Dr. Susanta Kumar Bhuyan with the Students..
