

**DEPARTMENT OF ANTHROPOLOGY**  
**J.N. COLLEGE, BOKO**

1. Coherent understanding of the academic field of anthropology, its different branches and applications, and linkages with isolated disciplinary subject.
2. Procedural knowledge of anthropology that creates different types of professionals related to the disciplinary/ subject area of anthropology, including professionals engaged in research and development, teaching and governmental or public services.
3. Use of anthropological knowledge helps in formulating and tackling anthropology related problems and identifying or applying appropriate anthropological principles and methodologies to solve wide range of problems.
4. Students should finally understand the importance of anthropological research in policy making and improving human life.

Dr. Mahananda Das (M.Sc, PhD)
