NO: 298

Building Safety Certificate

Date: 25-06-2024

To,

The Principal
Jawaharlal Nehru College Boko

Subject: - Regarding issue of building safety certificate of the building of Jawaharlal Nehru College Boko

Ref: -1) Your letter no: JNC/Estt?2024-25/31 dated 25/04/2024

In Reference with the above letter you have applied to obtain the safety certificate of the said building project.

According to the site inspection done on 10/05/2024, it is found that the construction is made in the year 2020 and construction is undertaken in the RCC frame structure bricks. On the day of inspection of the said building from educational perspective all facilities are available as well as toiletries, water supply & electric arrangement is of excellent quality. The said institute has enclosed all the necessary documents like certificate from Fire Brigade officer of local self-government, Certificate from health department and photos of the college building.

The Structure designing has been done as per standard engineering practices in confirmation with relevant Indian standard codes of practices and is checked for safety against earthquake.

This Certificate is issued after inspecting the college.
